Foreword from Kelly Waythe, Chair of Governors.

The Governing Body of Aberbargoed Primary School fully supports the use of educational visits and other off site activities to develop pupils' learning and broaden their experiences. Educational visits are vital if children are to become fully engaged in their learning. Purposeful educational visits enhance learning and teaching and bring vitality and excitement to the learning process. They broaden the pupils' experiences and open up new horizons for all. The Governing Body recognises and appreciates the valuable role the School and its staff play in facilitating and organising such valuable experiences. They take on great responsibility and accountability in enhancing the learning of our pupils.

Summary of policy

This school/establishment follows the LA procedures for educational visit planning, approval and monitoring by using the EVOLVE online visit planning and approval system caerphillyvisits.org.uk for all visits run by school/establishment staff or volunteers.

Staff planning an educational visit must ensure that they plan their visit using the EVOLVE system caerphillyvisits.org.uk and follow the procedures set out in this policy.

This policy is reviewed (and updated as necessary) annually or following any accident / incident on an educational visit.

Section A

CAERPHILLY COUNTY BOROUGH COUNCIL

Planning and approval procedures for Educational Visits 2024-26

This document sets out the Caerphilly County Borough Council planning and approval procedures for educational visits.

Anyone organising an off-site visit for young people from Caerphilly County Borough Council should also refer as necessary to the National Guidance for Educational Visits endorsed by the Welsh Government. The Guidance can be viewed in the 'Guidance and resources/guidance' section of Evolve [caerphillyvisits.org.uk](https://www.caerphillyvisits.org.uk).

Foreword

Educational visits offer an invaluable opportunity to enrich peoples' learning, raise their self-esteem, increase their motivation, and raise levels of achievement in many aspects of their life.

Learning out of the classroom is a strong theme that runs through all phases of education in Wales. Caerphilly County Borough Council and its schools have a strong and continuing commitment to offering an exciting and enjoyable range of educational visits for young people.

It is important that children are progressively introduced to carefully managed risks without being exposed to significant dangers. Educational visits can range from a short excursion to a local park or museum, to a wide variety of outdoor and adventurous activities.

This document sets out the planning and approval procedures which will help staff plan and deliver high quality, safe off-site visits. By adopting nationally agreed procedures this will ensure staff will be following best practice and in doing so will be supported by the local authority should an accident occur.

Staff who organise and engage in education visits with children and young people show dedication, commitment and enthusiasm. It is through this work that children and young people experience challenging and new activities and develop important life skills. Caerphilly County Borough Council would like to take this opportunity to thank you for your professionalism and dedication.

Keri Cole

Chief Education Officer

Summary of procedures

This document sets out the procedures by which Caerphilly County Borough Council and its educational establishments meet the standards set out in the National Guidance for Educational Visits endorsed by the Welsh Government.

Table 2 - Definition of demanding environments

Important note: classification of locations is subjective. Visit leaders who are unsure of whether or not a location requires LA approval can seek clarification from their Educational Visits Coordinator (EVC).

Location	Definition	Level of approval required
Normal countryside	Areas; <ul style="list-style-type: none">• which are close to vehicle access (i.e. less than 30 minutes walking time for any group member to the nearest road from which the group could be evacuated by vehicle) and• where the environment does not have any of the features of a ‘demanding environment’ listed below.	Visits here do not require LA approval

Demanding environments	<p>Areas where there is significant risk to the group from <u>one or more</u> of the following factors;</p> <ul style="list-style-type: none"> ● hazardous terrain (e.g. cliffs, very steep slopes etc.); ● remoteness (i.e. more than 30 minutes walking time from the nearest normal vehicle access point from which the group could be evacuated); ● difficult escape (i.e. places where the group could be trapped and/or where they would need specialist help to escape); ● exposure to severe weather (i.e. open to the weather and no easily accessible shelter within 30 minutes walking time for any of the group); ● open areas without clear boundaries where the group might stray into hazardous or remote terrain in poor visibility; ● fast flowing water, deep water, or water with strong currents (including tidal flow) <p>where:</p> <ul style="list-style-type: none"> o the group will be close to the water and there is a significant risk of someone falling in; o the group will be entering the water. 	<p>Visits here do require LA approval (except activities run by the Caerphilly Outdoor Education Service)</p>

1. Approval and notification system for all visits

All visits must be approved by the Head or EVC and a record of the visit kept as set out in 'Record keeping' section of this policy.

Schools/establishments are strongly advised to use the EVOLVE system caerphillyvisits.org.uk

This system guides the visit leader through the visit planning and approval system required by CCBC (in line with WG guidance).

The EVOLVE system allows regular, repeated visits to be planned and approved (see 2 below).

2. Blanket approval

Blanket approval may be given:

- by Heads/EVCs for routine visits
- by the LA for those staff who have gained LA leader approval (see 3 below)

For visits that have been given blanket approval, the visit leader and EVC must ensure that relevant information is left with the school/establishment emergency contact including details of the venue, activity, group, transport, start/finish times and other relevant information for **each** visit.

3. Parent/carers consent

Informed parent/carers consent must be obtained for all visits. For routine visits (those listed on form 1), blanket consent is obtained on an annual basis.

For non-routine visits (not listed on form 1) consent is obtained for each visit (or series of repeated visits) using form 2.

If parents/carers withhold their consent absolutely the young person must not be taken on the visit, but the curricular aims of the visit should be delivered to the young person in some other way wherever possible. If the parents/carers give a conditional consent the Head will need to consider whether the young person may be taken on the visit or not.

4. Using an independent provider – pre-booking checks

For **any** off-site visit, the visit leader should check that the location and activities offered are educationally suitable for the group and will meet the aims of the visit. Check that any provider offers good value for money by comparing with other similar providers. Remember that there is no substitute for firsthand, up to date information. This level of pre-booking check is sufficient for visitor attractions and public access venues such as zoos, historical/cultural sites, museums, sports stadia, theatres, cinemas, hotels, bowling alleys, ice rinks, theme parks, public access (lifeguarded) swimming pools or similar.

When using a specialist venue or activity provider e.g. outdoor activity provider (other than CCBC's own Outdoor Education service please apply the following guidance **before signing any booking form or contract**:

Ask the provider to complete the independent providers' questionnaire (which can be downloaded from the EVOLVE system's Guidance and Resources/Forms section caerphillyvisits.org.uk) and check that this has been satisfactorily completed by the provider **before you book**. This requires them to confirm that they have risk assessments in place for all activities/services that they provide and that these are available to view at the premises on request. **Please note that there is no need to obtain copies of the provider's risk assessments.** Seek specialist advice on any concerns arising from the provider's responses by contacting your Outdoor Education Adviser.

Special arrangements for Overseas expeditions (*i.e. expeditions to developing countries involving trekking or other adventure activities*)

Initial LA approval must be obtained before booking using EVOLVE caerphillyvisits.org.uk. Final LA approval for the expedition must be obtained at least 12 weeks before the expedition start date using EVOLVE. All relevant documentation must be attached to the visit form

5. Local Authority (LA) leader approval

Who needs LA leader approval?

LA or school employees or volunteers who wish to lead in any of the demanding environments or adventurous activities for which LA approval is required must first be confirmed as technically competent to lead by the Outdoor Education Adviser.

Prospective leaders must seek LA leader approval through their own EVOLVE log-in via the '**My details/awards**' section. In order to be granted approval the applicant must have all of the following:

- **Either** a) the relevant National Governing Body (NGB) leadership award for the terrain/activity (NGB leadership awards are set out in the National Guidance for Education Visits www.oeap.info/ or b) have a written and signed statement of competence by an appropriate technical adviser verifying that the leader has the relevant technical and group management skills for the terrain/activity (see below for how to arrange technical adviser approval).
- Recent and relevant experience
- A current first aid certificate or qualification
- Support of the Head

[To arrange technical adviser approval the EVC must identify an appropriate technical adviser who is willing to make a signed statement of competence for the visit leader. Technical adviser approval is normally given only if the following conditions are met:

- The leader has completed a training course in the relevant NGB leadership award where one exists (or has undergone other appropriate training).
- The technical adviser has made a practical assessment of the leader and can confirm that they are operating at the standard of the relevant NGB leadership award or at a suitable level for a site-specific approval to be given.
- Appropriate levels of technical adviser for different activities and levels of activity are given in the National Guidance for Educational Visits. If the intended activity is not listed in Annex 3, the Outdoor Education Adviser may be able to advise on appropriate level of technical adviser.]

Depending on depth of experience and technical skill, leaders may be given approval to lead either:

- the activity/activities at specific, named venue(s) at any time for the duration of the approval period;

or:

- the activity/activities at all venues that are within the remit of their competence at any time for the duration of the approval period.

The Outdoor Education Adviser will notify the individual and their EVC of their LA leader approval decision and this will be recorded in the individual's '**My details**' section of the EVOLVE system. This can be viewed at any time by the individual, their EVC or Head.

6. Special arrangements for DofE Award groups

Anyone planning a DofE Award expedition/ activity must first contact the LA DofE Award Officer (see below for contact details) before starting any planning for the activity to ensure that the Expedition meets the requirements of the DofE and CCBC.

LA approval decisions for visits

Confirmation of the approval decision for a visit will be given via the EVOLVE system. **Visits that require LA approval must not proceed until this approval has been given.**

Where further information or elements of the National Guidance for Educational Visits have not been met, approval will be withheld until these conditions are met. Confirmation of this decision will be sent to the EVC/Head via the EVOLVE system.

7. Record keeping

The EVOLVE system acts as a record for any visit planned and approved on the system. Schools/establishments therefore only need to retain the following details for any particular visit:

- List of participants
- Parental consent forms (these can be destroyed 3 months after the visit if no accidents or incidents have been reported)
- Where an accident or incident has been reported the school/establishment should retain the parental consent form for the pupil(s)/young person(s) involved.
- If there has been an accident/incident on a visit, schools/establishments must ensure that the LA is notified according to LA procedures. The LA will keep accident/incident records until the young person reaches age 21 (or for 3 years in the case of an adult). Schools/establishments therefore do not need to retain records of accident/incidents reported to the LA unless they wish to do so for their own purposes. If a visit leader or school/ establishment receives notification of a claim they should not respond directly but should pass the details to the LA claims manager/insurance section.

In addition, schools/establishments should archive in the school/ establishment records a copy of their:

- Educational visits policy – dated so that the version current at the time of any visit can be traced;
- standard risk management procedures dated as current at the time of the visit;
- records of staff competence and training (perhaps as part of the appraisal/performance management records).

This information should be kept for 5 years after which it may be destroyed.

8. Monitoring

Internal monitoring by the Head/EVC

The Head/EVC must monitor visit leaders from time to time to ensure compliance with school/establishment policy.

Monitoring by the Head/EVC should include:

- scrutiny of standards of visit planning and organisation as part of the visit approval process
- occasional observation of visit leadership

Following any observation of visit leadership, it is good practice to provide the visit leader with verbal and written feedback and recommendations for further training if necessary. A copy of the observation report should be given to the visit leader and another copy kept on file by the school/establishment

Monitoring by the LA

The Outdoor Adviser will monitor schools/centres to ensure compliance with LA guidance by all educational establishments. The Outdoor Adviser will contact EVCs to notify them of an upcoming monitoring visit.

9. Review

Feedback from monitoring will be used to review procedures in order to ensure that they meet the standards expected for off-site visit organisation and leadership and to identify further training needs for visit leaders and/or EVCs.
