

The DCF Vision at Aberbargoed Primary School...

The aim of the DCF at Aberbargoed Primary School is to develop the digital skills of everyone. To create digitally empowered pupils who are informed, ambitious, competent and resilient citizens of the future and able to thrive in an increasingly digital world.

Our aim is ensure technology enables pupils to learn in more enjoyable, engaging and efficient ways by enhancing their digital skills across the whole curriculum.

Flexible digital systems that include a range of devices to support evolution in technology

Staff who are digitally skilled through collaboration and professional learning

A curriculum which regularly raises awareness of safeguarding and online safety

Learners who are digitally competent and can apply their digital skills across the curriculum

Digital policies and resources that support the digital vision and reflect/support diversity
